PROFILE

Dynamic and detail-oriented Frontend Developer with a strong educational background in commerce and specialized training in frontend development. Proficient in HTML, CSS, JavaScript, Bootstrap, and ReactJS. Proven ability to create visually appealing and user-friendly websites. Eager to leverage skills and enthusiasm as a valuable asset in a collaborative team environment.

WORK EXPERIENCE

Fresher

- Seeking to apply theoretical knowledge to practical scenarios and contribute to a dynamic team.
- Engaged in self-driven projects to enhance frontend development skills and build a professional portfolio.

PROJECTS

Restaurant Website

- Developed a fully responsive restaurant website using HTML, CSS, and JavaScript.
- Implemented features such as menu display, reservation form, and contact information.
- Enhanced user experience through intuitive design and seamless navigation.

Weather App

- Created a weather application that fetches real-time weather data using an API.
- Designed a clean UI with weather details like temperature, humidity, and forecast.

Portfolio Website

- Built a personal portfolio to showcase projects and skills using HTML, CSS, and JavaScript.
- Integrated smooth animations and an interactive UI to enhance user engagement.

CERTIFICATIONS

- Frontend Developer Certificate
- Typewriting Senior Grade in Tamil and English Certificate
